Subject :　Notification of Course Registration of FYUGP 2nd Semester BA/B.Sc/B.Com programmes in SAMARTH e-Gov Portal

Sir/Madam,

    This is to inform you that the Course Registration process for the FYUGP 2nd Semester B.A./B.Sc./B.Com. programmes are **live from 10th March, 2026 and will remain active till 28th March, 2026**.

    It is in the above context that a new method has been tabulated where Colleges need to initially select the various papers/courses offered in the College in a Semester Programme-wise and then only those papers will be available to the students. This is aimed to increase the efficiency of the entire process of Course Registration and Examination. A detailed Manual has been annexed herewith in this regard.

    You are hereby requested to go through the Manual first and take necessary urgent step to select the courses as made available in the structure as students can start doing Course Registration only after completion of selection of papers/courses by the college. **This is to note that now "Edit" option has been provided in the Course Registration by which College can revert the status of deleted papers to published as and when required.**

    This is for your information and necessary action please.

User Guide for OU Wise Course Management Through College/Department Login

Introduction:-

This document will help colleges create their own course structure based on the course pattern set by the university. By following this process every college can design its course structure according to the courses they offer.

Colleges have the flexibility to organize and manage their courses as per their needs while still following the university guidelines.

A college can remove a course from its course structure only if no student has selected that course. Once even one student selects a course the college cannot remove it from the course structure.

- The college should log in to its **Samarth Portal** account and then click on the **Proceed** button under the Academic section.
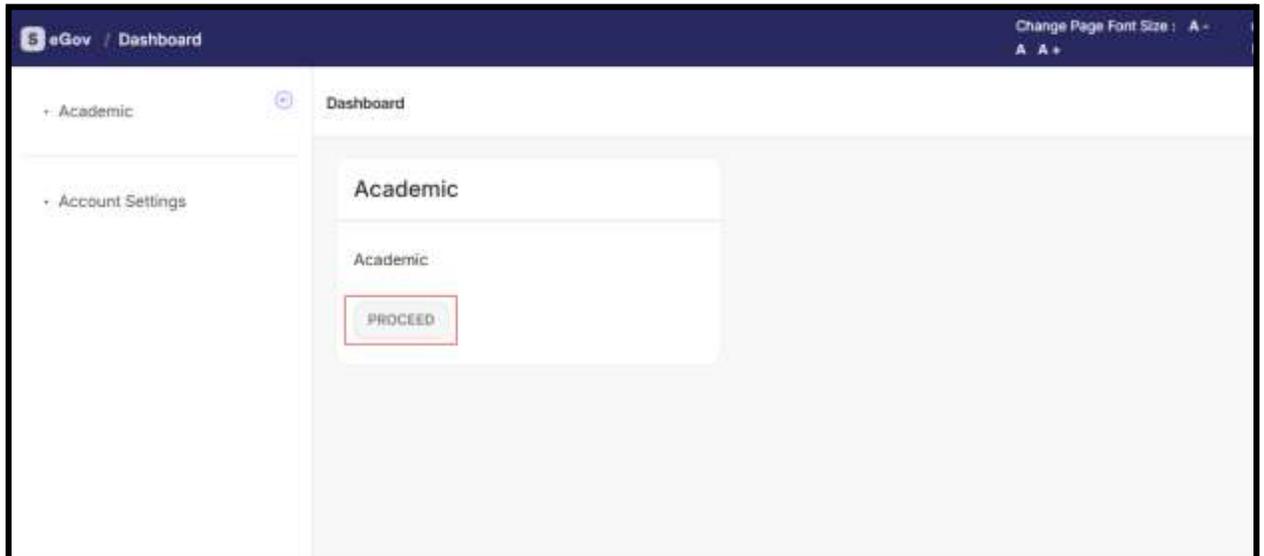

- To view the programmes click on the **Launch** button under the Programme Section.
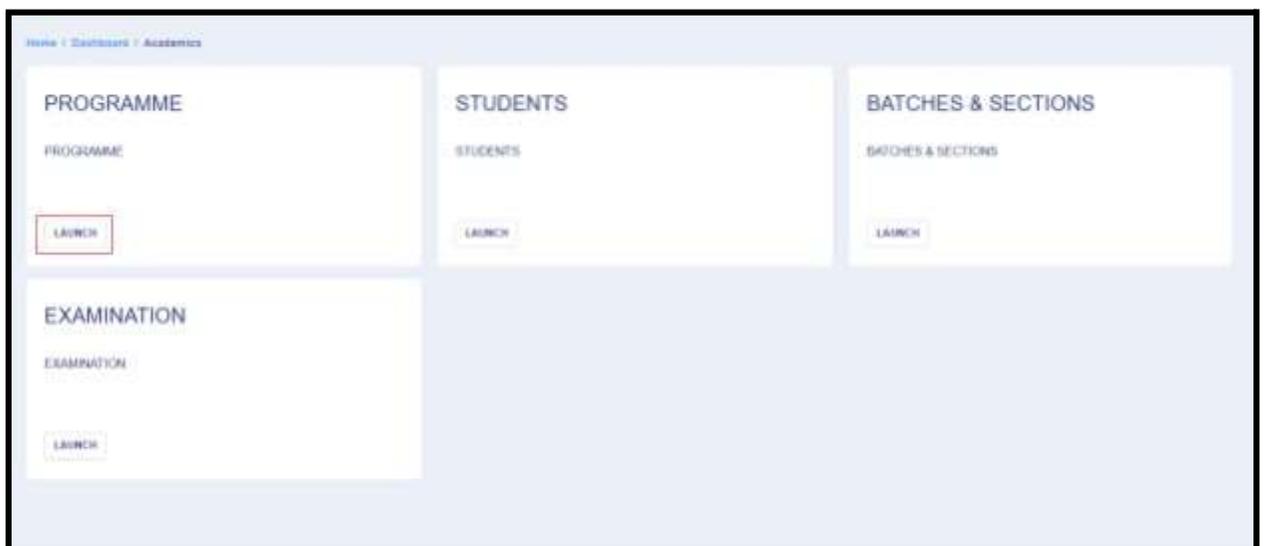

- To define the course structure for any programme the college should click on the **Programme Code** of the respective programme.

- To define the course structure for a particular semester click on the respective **Semester**.

- After clicking on the **Semester** two options will appear: **Course Management** and **Batches and Sections**.
- Click on the **Launch V2** button under **Course Management**.
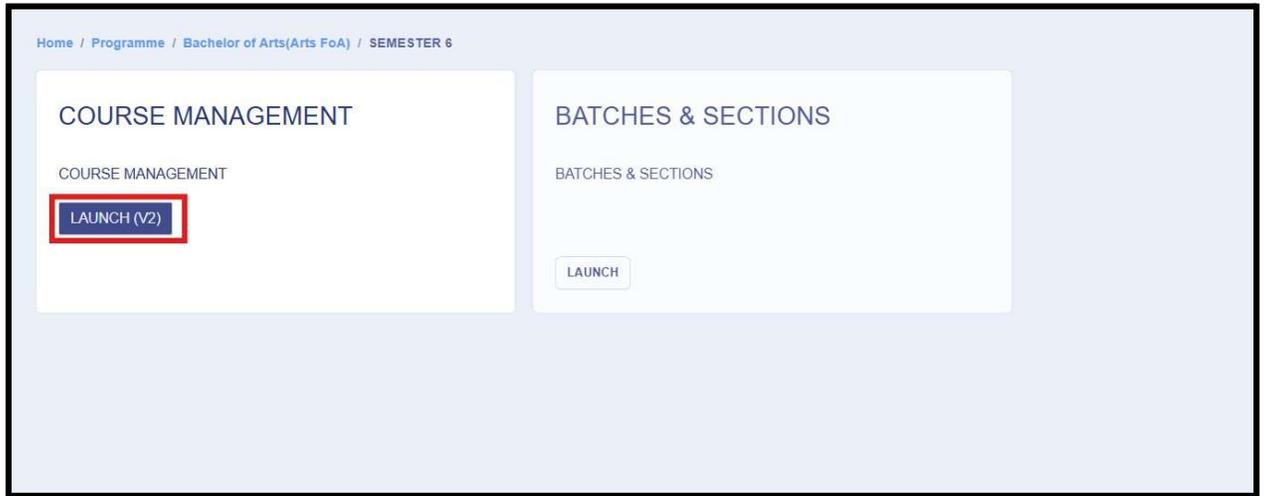

- After clicking on **Launch V2** a list of academic sessions will be displayed.
- Click on the specific academic session for which you want to define the course structure.
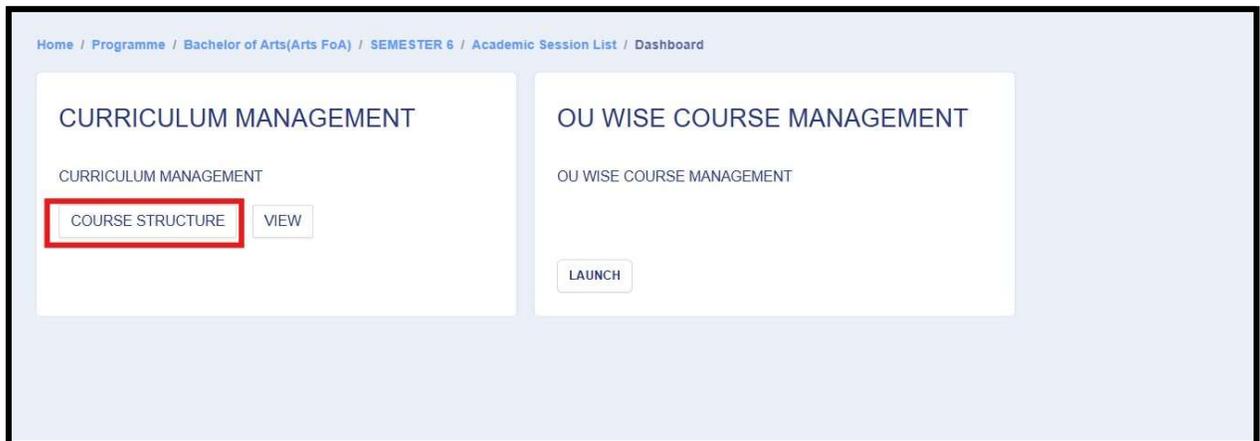

- After clicking on the **Academic Session** two options will appear: **Curriculum Management** and **OU Wise Course Management**.
- By clicking on the **Course Structure** button under **Curriculum Management** the college can view the course structure defined by the university.

- Click on the **Launch** button under **OU Wise Course Management**.
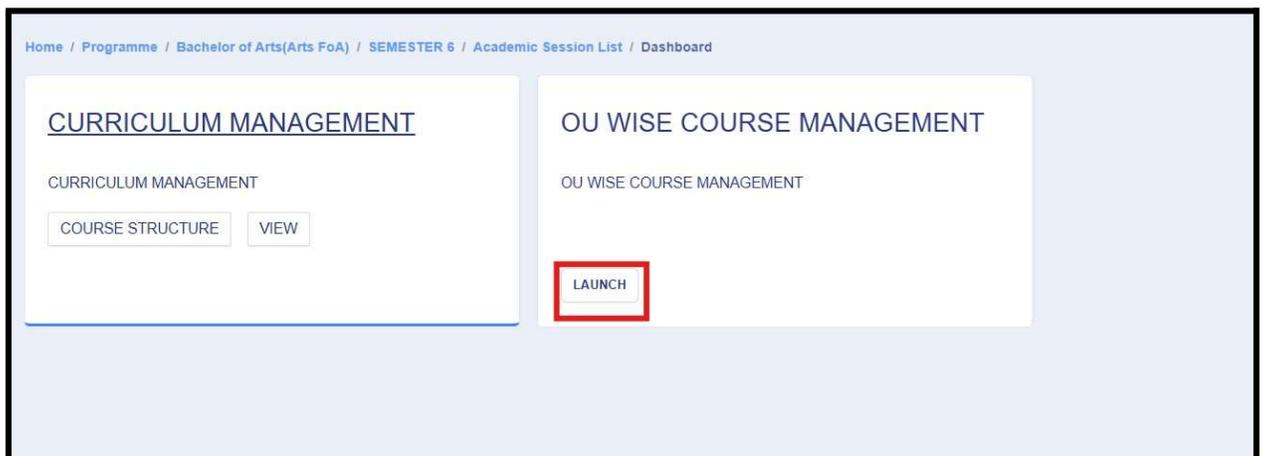

- After clicking on the **Launch** button under **OU Wise Course Management** colleges can create the course structure according to the courses currently running in their college.
- To create the course structure, click on **Create Course OU Mapping**.
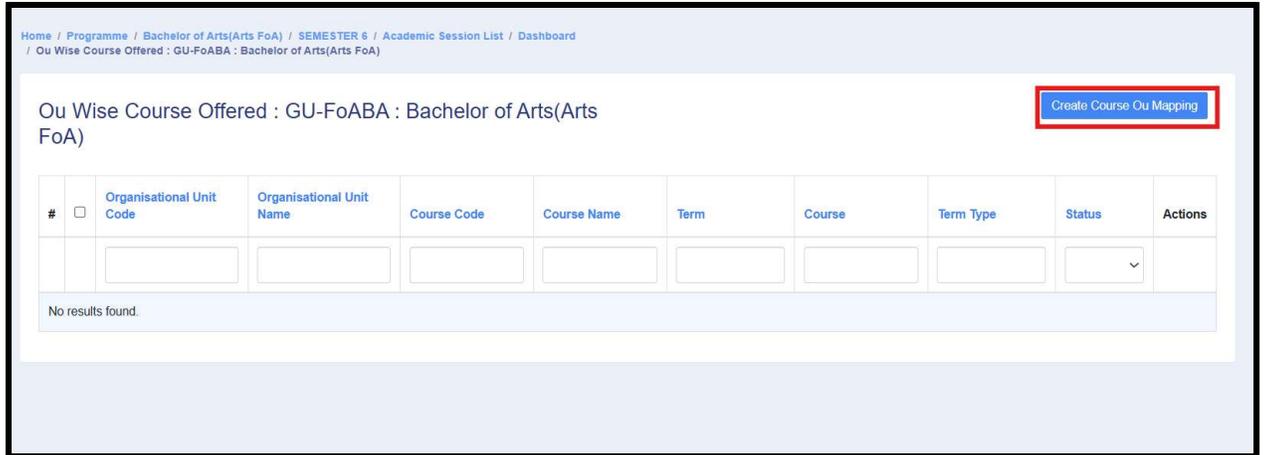

- After clicking on **Create Course OU Mapping** the **Course Groups** will be displayed.
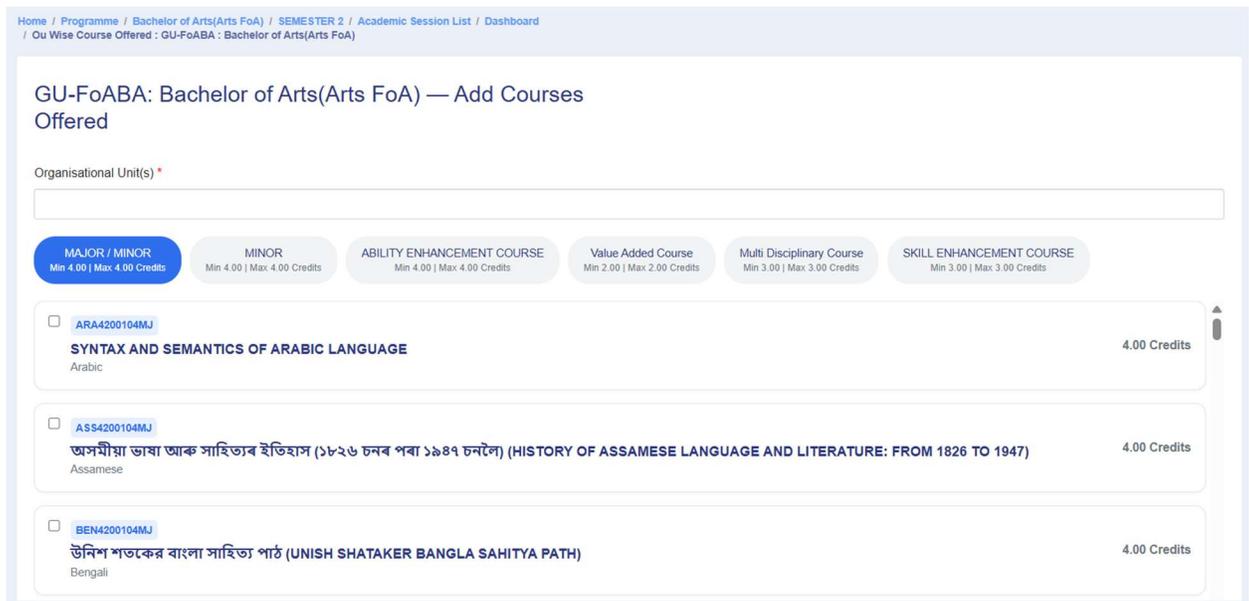

- Click on a group to see all the courses offered in that group by the university.
- The college can then select the courses that are running in their OU for that group. Repeat this for all groups one by one and once all relevant courses are selected click on the **Save** button to create the course structure according to the college's offerings.

If a student has already submitted their course selection and later realizes that they have selected a wrong course, there is a provision for the college to update the student's course without changing their discipline. I understood how to assign this permission to the college so that they can make the required course updates for the student.
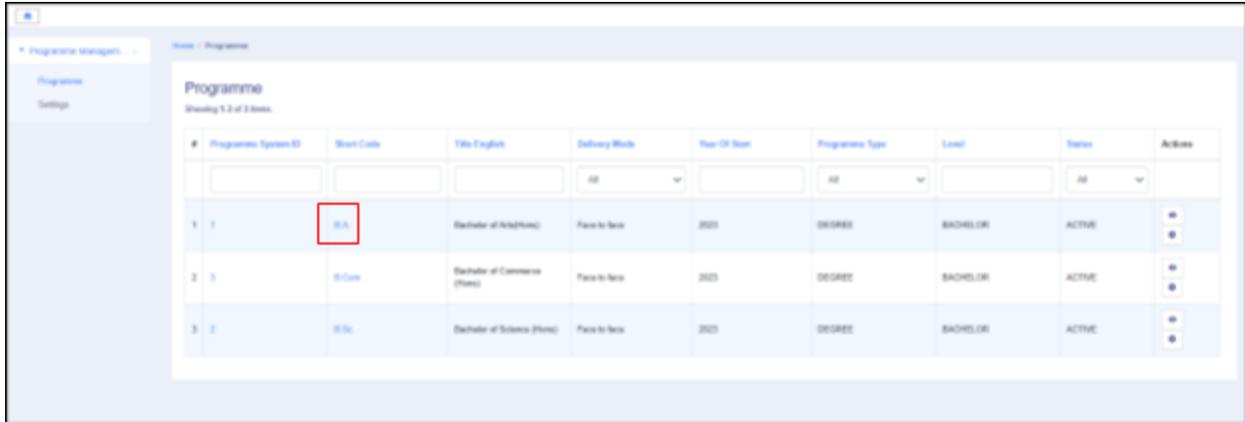

1. Login into the samarth portal and then click on the Academic **Proceed Button.**
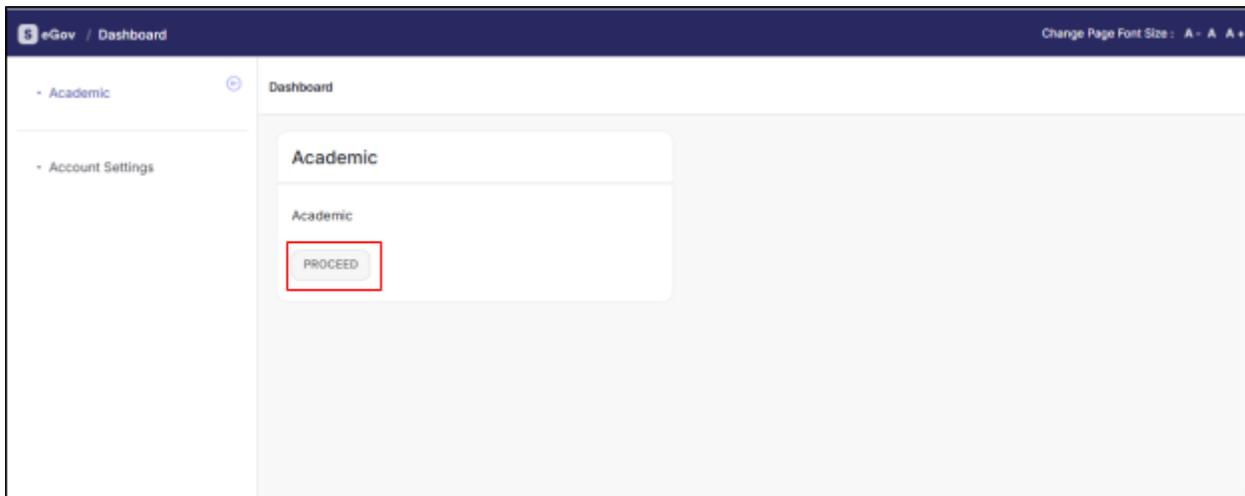

2. Click on the Launch button under the programme.
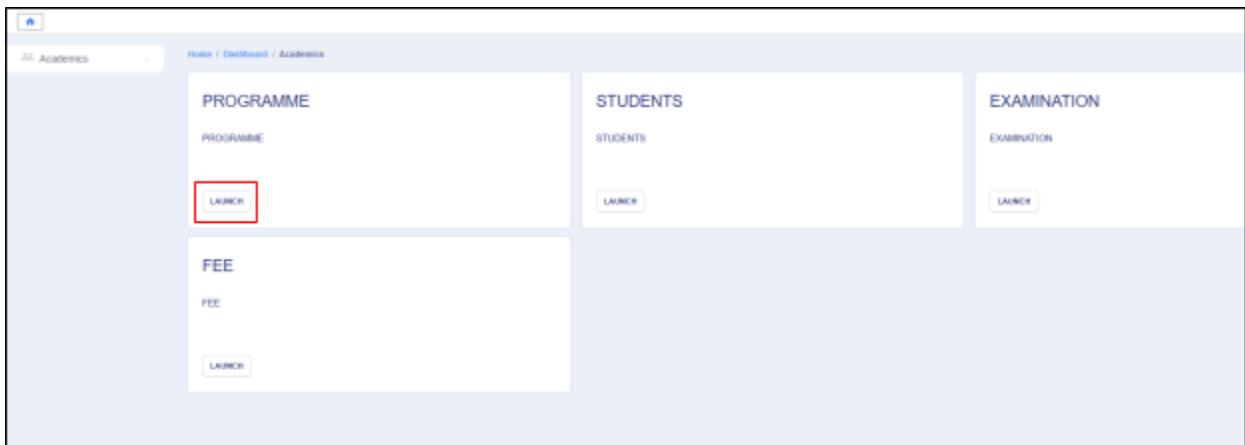

3. Click on the short code of the particular programme for which you want to update the student's courses.
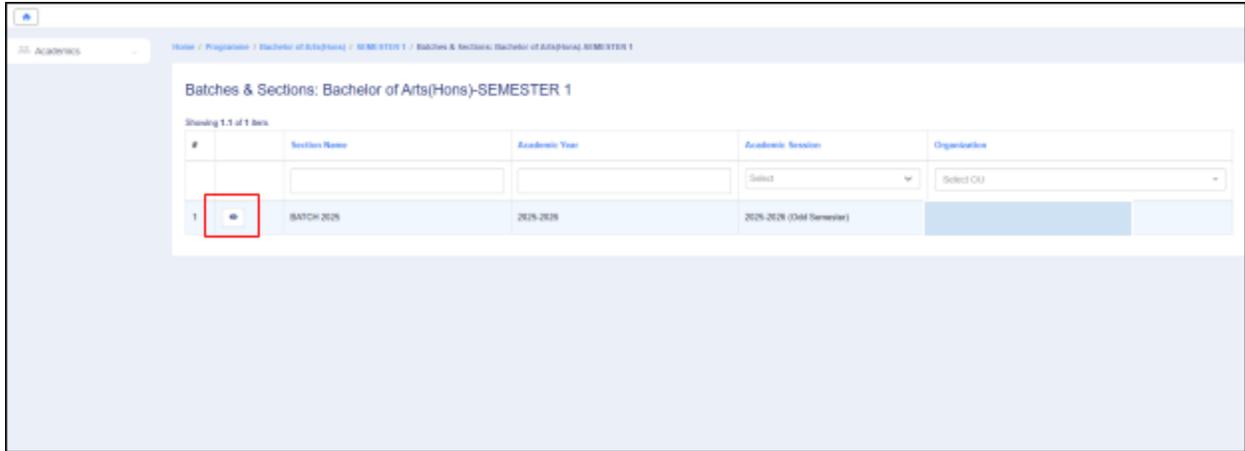

4. Click on the Semester 1

5. Click on the Launch button under the Batches and Sections.

6. Click on the view button on the particular batches.

7. Click on the **View Students** button under the Students.

8. Search for the particular student using the Enrolment Number, and then click on the **Course Selection** button.

9. Once admin clicks on the course selection button the students profile will be displayed and then click on the **Change Status** button.
